## **Section 1 - Introduction**

This directory provides a list of CoxHealth Medicare*Plus* current network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers listed in this directory to be your **Primary Care Physician (PCP)**. Generally, you must get your health care services from your PCP. The name and phone number of your PCP is printed on your membership ID card.

The network providers listed in this directory have agreed to provide you with your health care/vision/dental services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. **Providers identified with an asterisk (\*) also accept Medicaid.** The number following the # listed below the Provider's name is their NPI number. The acronym following **Code** indicates to which hospital(s) that provider has privileges for admitting patients.

**You will get your routine or basic care from your PCP.** Your PCP will coordinate the rest of the covered services you need. This includes x-rays, laboratory tests, therapies, specialist visits, hospital admissions, and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time.

**In some cases, your PCP will need to get prior authorization from Essence.** A prior authorization is an approval from the plan for medical services and must be requested **before** services are received. Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

**You may change your PCP for any reason, at any time.** To change your PCP, call our Customer Service Department. **PCP changes take effect the first day of the following month. Requests for retroactive changes are typically not approved.** When you call, be sure to let Customer Service know if you are seeing specialists or getting other covered services that needed your PCP's approval (such as home health services and durable medical equipment). Customer Service will change your membership record to show the name of your new PCP. They will also send you an updated membership card with the name and phone number of your new PCP.

**Some services you may get on your own.** There are only a few types of covered services you can get without seeing your PCP first. **"Self-referred"** means you get service on your own. If you get self-referred services, you still have to pay a co-payment. If you get a self-referred service from a network provider, you will only have to pay the in-network co-payment. If you go to an out-of-network provider for these services, you will have to pay more.

**The following services may be self-referred:**

- Routine eye exams – an annual exam for the purposes of determining changes to your vision and the possible need for eyeglasses or contact lenses. **Please see the 'Routine Vision Care Provider' section at the end of this directory for a list of network providers you may use without a referral.**
- Routine women's health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams. This care is covered without a referral from your PCP *only* if you get it from a network provider.
- Flu shots and pneumonia vaccinations (*only* if you get them from a network provider).
- Emergency services, whether you get these services from network providers or out-of-network providers. The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care you receive from out-of-network providers when you are temporarily outside the plan's service area.
- Renal dialysis (kidney) services that you get when you are temporarily outside the plan's service area. If possible, please let us know before you leave the service area and where you will be. We can help arrange for you to have maintenance dialysis while you are away.

**Getting care when traveling or are away from the plan's service area.** If you need medical care when you are outside the service area, your health care coverage is very limited. The only services we cover when you are outside our service area are care for a medical emergency, including maintenance care and hospital care after you are stable (known as post-stabilization care), urgently needed care, renal dialysis (kidney), and care that Essence has approved in advance. If you are concerned whether a service is covered when you travel, please call our Customer Service Department.

**The difference between a medical emergency and urgently needed care is the seriousness of the condition.** A medical emergency is when you believe your health is in serious danger - when every second counts. You may have a bad injury, sudden illness, or an illness that is quickly getting much worse. Urgently needed care is care you get for a sudden illness or injury that needs medical care right away, but is not life threatening. Treatment for a sprained ankle is an example of urgently needed care.

**Your PCP generally provides urgently needed care.** If you have a sudden illness or injury that is *not a medical emergency* and you are in the plan's service area, please call your PCP. If the office is closed, there will always be a doctor on call to help you. **Please note: If you have an urgent need for care while you are in the plan's service area, you should get this care from network providers. In most cases, we will not pay for urgently needed care that you get from out-of-network providers while you are in the plan's service area.**

If you are out of the plan's service area and cannot wait until you return, Essence will pay for urgently needed care you receive from out-of-network providers. We will cover follow-up care that you get from out-of-network providers outside the plan's service area if the care you receive still meets the urgently needed care definition. Once you return to the service area, your PCP will provide any needed follow-up care.

**If you have a medical emergency:**

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. In any emergency, you do not need permission (authorization) or a referral before getting medical assistance.
- Emergency medical care is covered whenever you need it, anywhere in the world.
- Ambulance services are covered in situations where other means of transportation, anywhere in the world, would endanger your health.
- As soon as possible, you or someone else should contact your PCP about your emergency. Your PCP's telephone number is located on your membership ID card. Your PCP needs to know about your emergency because he/she will provide or arrange follow-up care. Please try to contact your PCP about your emergency within 48 hours.

**Your PCP will help manage and follow-up on your emergency care.** It is important to know that every emergency has two stages. When the doctors or hospital providing emergency care consider your condition stable the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Essence must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider or not). The second stage of the emergency, after your condition is stabilized, is called post-stabilization.

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged, if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

When you are past the emergency and post-stabilization, you may still need follow-up care. Essence is responsible for your follow-up care. Essence will *only* pay for follow-up care (care provided after your emergency and post-stabilization stages) if you follow the plan rules. Your PCP can assist you with finding network providers and securing the appropriate referrals and authorizations.

You should never pay any out-of-network provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the out-of-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay the out-of-network provider for our share of the bill if it meets the criteria noted above and will let you know what, if anything, you must pay. If an out-of-network provider asks you to pay for covered services you get in these situations, please contact us by calling our Customer Service Department.

While Essence does not contract with specialists who provide certain services at a health care facility (such as anesthesiologists and pathologists), we do pay the facility for the cost of these services when provided at an Essence contracted facility. If you receive a bill for such services, please contact Essence Customer Service.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Essence Healthcare will be responsible for the costs.

# CoxHealth Medicare*Plus* Pharmacy Directory

## Introduction

This booklet provides a list of CoxHealth Medicare*Plus* current network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and CoxHealth Medicare*Plus* formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under CoxHealth Medicare*Plus* only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of June 18, 2018. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Essence Healthcare.

## CoxHealth Medicare*Plus* Network Pharmacies

The pharmacies are divided into four groups: Retail Pharmacies, including Chain Pharmacies, Mail Order, Home Infusion, and Long Term Care. The pharmacies in each group are listed by state and then by county. **Pharmacies that provide an extended day supply of medications are identified with the symbol ¥.**
