# A Partnership Between Two Missouri Healthcare Leaders

---

Established in 1906, CoxHealth serves more than 900,000 people in a 24-county service area in Southwest Missouri and Northwest Arkansas—offering a comprehensive array of primary and specialty care including five hospitals and more than 80 clinics in 25 communities. The health system includes Cox Medical Center South, Cox Medical Center Branson, Cox North Hospital, Cox Barton County Hospital, Meyer Orthopedic and Rehabilitation Hospital, Cox Monett Hospital, CoxHealth at Home, CoxHealth Foundation, Cox College, Cox HealthPlans and more.

---

Essence Healthcare provides comprehensive and affordable health insurance coverage to people with Medicare. The company was founded in 2003 by a group of St. Louis-area doctors who had grown tired of insurance companies that often made it difficult to provide quality care to their Medicare patients. Instead of trying to change those insurance companies, they created their own. What started as a simple idea has now grown into one of the largest and highest-rated Medicare plans in Missouri.\*

---

*Together, these two organizations have formed CoxHealth MedicarePlus to offer the advantages of Medicare Advantage to residents of Southwest Missouri.*

\*Every year, Medicare evaluates plans based on a 5-star rating system. Based on October 2020 Star rating data provided by the Centers for Medicare & Medicaid Services.

# What Makes CoxHealth Medicare*Plus* Different

One of the key differences between CoxHealth Medicare*Plus* and other health plans is how we work with and support the doctors who care for you. As a Medicare plan founded by doctors, we understand what your doctors need to make sure you are well taken care of. At CoxHealth Medicare*Plus*, it's truly a team approach when it comes to you and your health.

We believe that teamwork results in quite a few things that you'll find important and, frankly, refreshing. Here are just a couple:

## More Benefits for Less

There's quite a bit of waste and inefficiency in healthcare—wasted time and money spent on things that don't help you get healthy or stay healthy, and that can drive up costs for everyone. At CoxHealth Medicare*Plus*, by working as a team with your doctors, we eliminate a lot of that waste, which saves money. Those savings get passed on to you in the form of better benefits, a \$0 premium, lower out-of-pocket costs and valuable extra coverage such as dental, vision and other benefits not available with traditional Medicare plans.

### A Health Plan Created by Doctors for Patients

CoxHealth Medicare*Plus* is brought to you by Essence Healthcare, which was founded in 2003 by a group of doctors who wanted to create a new and better Medicare plan for their patients.

## A Better Healthcare Experience

If you or a loved one has ever been sick or injured or currently deal with a chronic condition or two, you know how complicated healthcare can get. Communication often breaks down, and you're left in the middle to sort things out and make sure everyone is on the same page. At CoxHealth MedicarePlus, we do things differently. It starts with how we work with and support your primary care physician. We work closely with your physician—providing them tools, information and funding that allows them to spend more time to focus on you, help you manage your health and better coordinate your care. As a CoxHealth MedicarePlus member, you're not alone. You can rest easy knowing that you have a team of people who are focused on getting you the medical care you need and making sure that nothing slips through the cracks.

*"I go to my primary care doctor every four months ... it's great, it's a relief. At this age and at this time in my life, the less stress I need to go through, I feel like the better I am and the happier I am."*

# Getting Coverage Is Simple and Easy

## It's Seamless

You have many options when it comes to your Medicare coverage. Some people may just enroll in Parts A and B (Original Medicare). Many people may also add a prescription drug plan to their coverage. Others might choose to pay an additional premium for a Medicare supplement to cover some of the costs that Original Medicare doesn't cover. When you add it all up, it can get expensive and complicated. With a plan from CoxHealth MedicarePlus, things get a lot simpler and much more affordable.

**Original Medicare**  
*Includes Medicare Part A (hospital coverage) and Part B (medical coverage)*

**Prescription Drug Coverage**

# The CoxHealth Medicare*Plus* Benefit: Hospital and Medical Coverage

## All the Basics—Covered

---

CoxHealth Medicare*Plus* provides all the Hospital (Part A) and Medical (Part B) coverage you find with Original Medicare, but there are some key differences that we think you'll like.

If you're familiar with Original Medicare, you may know that you're responsible for 20 percent of your costs. The issue with this is that you don't know what your actual out-of-pocket costs will be, and there's no limit to what you may have to pay each year. This makes it hard to budget for healthcare expenses and leaves your savings and retirement at risk in the case of an unexpected illness or injury.

With Original Medicare, there's **no limit** to your expenses.

With CoxHealth MedicarePlus, you'll pay a low copay for the majority of your hospital and medical services and, in some instances, no copay at all. We also don't include any annoying deductibles in our plans, which means we start covering you on day one.

*Unlike Original Medicare, we put a limit on what you pay out of your own pocket each year for any hospital and medical services.*

This limit is referred to as maximum out-of-pocket protection (MOOP). No matter what happens, you'll never pay more than the MOOP limit. At CoxHealth MedicarePlus, we like to set our limits low to give you the most financial protection possible.

### Did You Know?

Your maximum out-of-pocket limit is different than a deductible. A MOOP limit is the total amount that you're required to pay annually for covered hospital and medical services. Once you meet this limit, you won't have to pay any more money for covered services during that year. Note that there are some services that don't count toward your MOOP limit, such as certain eyewear or dental work. A deductible is the amount that you must pay out of pocket before a plan starts paying their share of a covered service. With CoxHealth MedicarePlus, you won't have a deductible.

# The CoxHealth Medicare *Plus* Benefit: Prescription Drug Coverage

# Saving You More On Your Prescriptions

Regularly taking medications can be an important part of maintaining your health and wellness. Unfortunately, the cost for those medications can really add up. At CoxHealth MedicarePlus, we never want the cost of your medications to get in the way. That's why our plan includes generous Part D prescription drug coverage for thousands of generic and brand-name medications, and no annual deductible is required.

## *New for 2022!*

While you have thousands of pharmacies to choose from nationwide, with CoxHealth MedicarePlus you can save even more when you fill your prescriptions at one of our preferred pharmacies, which include **CVS, Walmart and Pharmax**. If you fill your prescription at any of these pharmacies, you're entitled to lower copays, including **\$0 copays** on all preferred generic medications and reduced copays for other generic and brand-name medications.

We also offer additional ways to save. If you use our mail-order pharmacy, you can save even more on your prescriptions and have them delivered right to your door.

### **Special Savings for People with Diabetes**

If you have diabetes and take insulin, then you know how costly it can be. That's why we offer a special program for our members with diabetes. With the CoxHealth MedicarePlus plan, you can receive your insulins for a \$0 copay.

*"Most of our medications are free of charge, so that's a big plus."*

# The CoxHealth Medicare*Plus* Benefit: Dental Coverage

# Another Reason to Smile

---

It's easy to put on a smile. It's not always easy—or affordable—to make sure your smile is healthy and pain free. At CoxHealth Medicare*Plus*, we want to make sure that anything that affects your health is covered and that also means your teeth. Issues with your teeth can really wear on you both physically and financially, so that's why our plan includes dental coverage for no additional premium.

Whether you simply need coverage for preventive dental services such as exams, X-rays and fluoride treatments, or you want more comprehensive coverage for things like fillings, extractions, deep cleanings and more, we have the plan for you.

## Did You Know?

---

Your oral health is more important than you might realize. Problems in your mouth can affect the rest of your body. Oral bacteria and the inflammation associated with a severe form of gum disease might play a role in some diseases such as endocarditis, cardiovascular disease and pneumonia. Conditions like diabetes and osteoporosis can affect your oral health. Taking care of your oral health is an investment in your overall health.

# The CoxHealth Medicare*Plus* Benefit: Vision Coverage

# Seeing Is Believing

The quality of your vision and your eye health are so important to your overall health and well-being. If you need correction for your vision, the CoxHealth MedicarePlus plan includes generous allowances for frames, lenses and contacts, but our vision coverage doesn't end there.

*Because an eye exam can tell your doctors so much about your overall health, we also include coverage for routine checkups and visits with vision specialists to make sure your eyes (and the rest of you) are healthy.*

In addition to eyewear and routine checkups, we also cover vision services such as eye surgery, diabetic retinopathy screenings and screenings for people at high risk for glaucoma.

## Did You Know?

Optometrists can spot many health conditions and vision problems just by taking a glance into your eyes. During an eye exam, doctors can often detect serious medical problems such as high blood pressure, diabetes, some cancers, autoimmune diseases, thyroid issues and high cholesterol.

Also, early treatment is key in preventing some common eye diseases from causing permanent vision loss or blindness.

# The CoxHealth Medicare*Plus* Benefit: Hearing Coverage

## From Hearing Aids to Exams

Hearing loss is a lot more common than most people realize. According to the Hearing Health Foundation, nearly one out of every three adults between the ages of 65 and 74 has experienced some level of hearing loss, and that number grows to nearly half of all adults after the age of 75.

All of our senses are important, but being able to hear clearly is especially critical to overall health, happiness, personal safety and the safety of others. Our plan covers important hearing exams and screenings, and because hearing aids can get expensive, our plan also includes generous allowances to help with the cost.

### Did You Know?

Hearing is one of your most important senses. Hearing loss can be connected to stress, anger, depression, loneliness, memory loss and many other problems. Hearing problems can get worse or become permanent if you ignore them—so get help early.

If needed, hearing aids can improve your overall quality of life in addition to reducing brain decline and the risk for developing dementia.

# The CoxHealth Medicare*Plus* Benefit: Over-the-Counter Coverage

## Your Doorstep Drugstore

Think of all the money you've spent on things like pain relievers, vitamins, first aid products and other over-the-counter (OTC) supplies. Now imagine your health plan giving you an allowance to help purchase them in the future.

CoxHealth Medicare*Plus* includes a \$93 quarterly allowance you can use to order a wide range of health-related products that you'd typically find at your corner drugstore. As a CoxHealth Medicare*Plus* member, you'll receive a catalog filled with hundreds of items to choose from, and ordering is quick and easy. You can call, mail in your order or place your order online, and your OTC items will be delivered right to your door.

### **Here's just a small list of the types of available items:\***

- Allergy Relief
- Antacids and Acid Reducers
- Antidiarrheal, Laxatives and Digestive Health Aids
- Cold and Flu Medications
- Dental and Denture Care
- Eye, Ear and Foot Care

- Pain Relievers and Fever Reducers
- Skin and Sun Care Creams

- Vitamins and Minerals

*\*View our OTC catalog for a complete list of items.*

### **Did You Know?**

OTC items can be an expensive part of your healthcare. Also, without these items, it's likely you would seek professional medical treatment for minor ailments. An OTC allowance will help save you money and possibly reduce the number of visits with your medical provider.

# The CoxHealth Medicare*Plus* Benefit: SilverSneakers

## Stay Active. Stay Healthy.

Staying active can help you live your life to the fullest. That's why we've partnered with **SilverSneakers** to give you free access to participating gyms, health clubs and a host of different classes for any fitness level.

Whether you want to work out at the gym, at home or outside, it's all possible with SilverSneakers. If you want structure and guidance, in-person classes are available and include a range of options from classic strength-training workouts to yoga, swimming, dance and more.

*And if the gym isn't your thing, you can take advantage of live workouts and on-demand options at home, or join one of the SilverSneakers small group exercise classes outside of the gym in your community. Sometimes all it takes to get moving are the right options.*

From national gyms to local community centers, there are over 15,000 fitness locations nationwide to choose from. And that's good to know because you can use your SilverSneakers membership at any participating fitness center anywhere in the country—just another perk of being a CoxHealth MedicarePlus member.

*"We've always been active people in one way or another. We're dancers. We're runners. We're walkers. So with the SilverSneakers program, it allows us a way to stay as active as we can."*

# Frequently Asked Questions

---

Part of making sure you're getting the best coverage for your unique needs is having no unanswered questions. Listed below are some of the most common questions we hear from Medicare shoppers. If you have additional questions, one of our customer service team members is ready and waiting to help; just give us a call at 1-866-597-9560 (TTY: 711).

*"There's no monthly premiums, but I still get the same coverage I had when I was working and when you're retired, that's very important."*

**-Mike V., Current Member**

## **How can you offer a plan for a \$0 premium?**

Medicare pays private insurance companies, like CoxHealth MedicarePlus, to manage Medicare Advantage plans and better serve people with Medicare. By working cooperatively with doctors and hospitals, eliminating waste and focusing on helping our members stay healthy, we are able to save money. We then pass those savings on to our members in the form of generous benefits, lower copays and a \$0 monthly plan premium.

---

## **Does your plan come with a deductible?**

As a CoxHealth MedicarePlus member, you won't have to meet medical or pharmacy deductibles. Your coverage begins with the first dollar you spend. Typically, Original Medicare's Part B does come with a deductible, but when you sign up for a CoxHealth MedicarePlus plan, we cover that deductible for you so that you can start enjoying the many benefits we offer as soon as you join our plan.

---

## **What is the maximum out-of-pocket limit?**

Sometimes, people think that maximum out-of-pocket protection, often referred to as MOOP, is the same thing as a deductible. The MOOP amount puts a limit on what you have to pay out of your own pocket each year for covered medical expenses. Once you reach your MOOP limit in a given

year, you'll no longer have to pay copays or co-insurance for medical or hospital-related services. This is a great feature that protects your savings and makes it easy to budget for your healthcare costs—because you know you'll never pay more than the maximum out-of-pocket limit for covered medical expenses.

---

### **If I join CoxHealth MedicarePlus, will I lose my Original Medicare coverage?**

No. When you join CoxHealth MedicarePlus, you're still participating in Medicare and still have all the rights and protections you're entitled to as a Medicare beneficiary.

---

### **Is this a Medicare supplement?**

No. We are not a Medicare supplement. A Medicare supplement is a private company that charges up-front monthly premiums to help cover what Original Medicare does not. It's important to note that supplements do not include Part D prescription drug coverage or extra benefits like dental and vision. CoxHealth MedicarePlus is a Medicare Advantage (MA) plan. Medicare pays companies like CoxHealth MedicarePlus to manage MA plans. Because of this, we're able to offer an all-in-one plan that includes hospital, medical and Part D prescription drug coverage as well as valuable extras like dental and vision benefits for a \$0 monthly premium.

*"I don't feel like a number, I feel like a real person. I feel like they answer my questions immediately and honestly, and give me options for things, got to have options."*

## Who can join?

To join **CoxHealth MedicarePlus**, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, be a United States citizen or are lawfully present in the United States and live in our service area. Our service area includes the following counties in Missouri: Barry, Christian, Greene, Lawrence, Stone, Taney and Webster.

## What is an HMO?

An HMO, or Health Maintenance Organization, is a type of health insurance plan that usually limits coverage to care from doctors who work for or contract with the HMO. It generally won't cover out-of-network care except in an emergency. An HMO may require you to live or work in its service area to be eligible for coverage.

## Which doctors, hospitals and pharmacies can I use?

**CoxHealth MedicarePlus** has a network of doctors, hospitals, pharmacies and other providers. If you use providers that are not in our network, the plan may not pay for these services. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. Some of our network pharmacies have preferred cost sharing. You may pay less if you use these pharmacies. You can see our plan's provider directory on our website [www.CoxHealthMedicarePlus.com](http://www.CoxHealthMedicarePlus.com). Or, call us and we will send you a copy of the provider directory.

## What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and *more*.

- **Our plan members get all of the benefits covered by Original Medicare.** For some of these benefits, you may pay more in our plan than you would in Original Medicare. For others, you may pay less.
- **Our plan members also get *more* than what is covered by Original Medicare.** Some of the extra benefits are outlined in this booklet.

## What drugs do we cover?

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website [www.CoxHealthMedicarePlus.com](http://www.CoxHealthMedicarePlus.com).
- Or, call us and we will send you a copy of the formulary.

## How will I determine my drug costs?

Our plan groups each medication into one of six tiers. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document, we discuss the benefit stages that occur: Initial Coverage, Coverage Gap and Catastrophic Coverage. If you have questions about the different benefit stages, please contact the plan for more information or access the Evidence of Coverage on our website.

# Pre-Enrollment Checklist

---

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a sales representative at 1-877-709-9168 (TTY: 711).

## Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially services for which you routinely see a doctor. Visit [www.CoxHealthMedicarePlus.com](http://www.CoxHealthMedicarePlus.com) or call 1-877-709-9168 (TTY: 711) to view a copy of the EOC.
- Review the provider/pharmacy directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the provider/pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

## Understanding Important Rules

- You must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premium and/or copayments/co-insurance may change on January 1, 2023.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).

# Medicare Enrollment Periods

---

Medicare has different enrollment periods for Medicare beneficiaries. The chart below explains the enrollment periods, their time frames and requirements for enrolling during that time.

<b>Enrollment Period</b>	<b>Time Frame</b>	<b>About Enrollment Period</b>
<b>Initial Enrollment Period (IEP)</b>	Three months before to three months after you become eligible for Medicare	This is limited to those who are turning 65 or qualify as Medicare disabled and, therefore, are becoming eligible for Medicare for the first time.
<b>Annual Enrollment Period (AEP)</b>	October 15–December 7	During the Annual Enrollment Period, you can switch, drop or join a different Medicare plan.
<b>Open Enrollment Period (OEP)</b>	January 1–March 31	This is limited to Medicare Advantage enrollees. You can make a one-time election to leave your plan and switch to another Medicare Advantage plan or Original Medicare. You can also add or drop Part D coverage during this time.
<b>Special Enrollment Period (SEP)</b>	Year-round	Only in certain cases can those who are eligible for Medicare qualify for an SEP to enroll in a Medicare plan. Examples of when you would be eligible for the SEP include a recent move that made new Medicare options available to you or leaving employer or union coverage. To find out if you're eligible for the Special Enrollment Period, see the Attestation of Eligibility in the back of this booklet, talk to your licensed healthcare advisor or visit <a href="http://www.Medicare.gov">www.Medicare.gov</a> .

# Star Ratings Explained

Each year, the Centers for Medicare & Medicaid Services (CMS), the government agency that oversees Medicare, rates how well Medicare Advantage plans perform in many different categories. Ratings are based on surveys of existing health plan members, information collected from doctors, information submitted by the various health plans and results from CMS monitoring.

## The Star Ratings Scale

Excellent	★★★★★
Above Average	★★★★
Average	★★★
Below Average	★★
Poor	★

### Why Are Star Ratings Important?

Star ratings give you an unbiased view of a health plan by offering a single summary score that makes it easy for you to compare different plans based on quality and performance. They're a lot like Consumer Reports® but specific to Medicare plans. It's important to note that Star ratings are assessed every year and can change from one year to the next. New ratings come each October. You can always find the latest Star ratings for all the different plans at [www.Medicare.gov](http://www.Medicare.gov).

### Where Does Essence Healthcare Rank?

Essence Healthcare is consistently among the highest-rated plans in the nation. For our latest Star rating, please see the insert in the back of this kit. You can also visit [www.Medicare.gov](http://www.Medicare.gov) to see how our Star rating compares to other plans in the area.\*

\*Every year, Medicare evaluates plans based on a 5-star rating system. Based on October 2020 Star rating data provided by the Centers for Medicare & Medicaid Services.

**Paying your plan premiums**

Whether you are enrolled in a premium or non-premium plan, you may pay your plan premium and any applicable Late Enrollment Penalty that you have or may owe **by automatic deduction from your Social Security (SSA) or Railroad Retirement Board (RRB) benefit check.** You may also choose to pay by Electronic Funds Transfer (EFT) from your bank, Credit card, Debit card, or check via mail each month.

**If you have to pay a Part-D Income Related Monthly Adjustment Amount (Part D-IRMAA), you must pay this extra amount in addition to your plan premium.** The amount is usually taken out of your Social Security Benefit, or you may get a bill from Medicare (or the RRB). **DON'T** pay CoxHealth MedicarePlus the Part D-IRMAA.

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If eligible, Medicare could pay for 75% or more of your drug costs, including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at [www.socialsecurity.gov/prescriptionhelp](http://www.socialsecurity.gov/prescriptionhelp).

If you qualify for Extra Help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare doesn't cover.

**If you do not select one of the payment options below, you will receive a monthly invoice.**

**Please select a premium payment option:**

- Automatic deduction from your monthly Social Security or Railroad Retirement Board (RRB) benefit check.

## Stand-alone Medicare Prescription Drug Plans (Part D)

---

**Medicare Prescription Drug Plan (PDP):** A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans.

## Medicare Advantage Plans (Part C) and Cost Plans

---

**Medicare Health Maintenance Organization (HMO):** A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergent or urgent situations).

**Medicare Preferred Provider Organization (PPO) Plan:** A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals but you can also use out-of-network providers, usually at a higher cost.

**Medicare Private Fee-For-Service (PFFS) Plan:** A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you – not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

**Medicare Point of Service (POS) Plan:** A type of Medicare Advantage Plan available in a local or regional area which combines the best feature of an HMO with an out-of-network benefit. Like the HMO, members are required to designate an in-network physician to be the primary health care provider. You can use doctors, hospitals, and providers outside of the network for an additional cost.

**Medicare Special Needs Plan (SNP):** A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

**Medicare Medical Savings Account (MSA) Plan:** MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

**Medicare Cost Plan:** In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

**Medicare Medicaid Plan (MMP):** An MMP is a private health plan designed to provide integrated and coordinated Medicare and Medicaid benefits for dual eligible Medicare beneficiaries.

## Dental/Vision/Hearing Products

---

Plans offering additional benefits for consumers who are looking to cover needs for dental, vision or hearing. These plans are not affiliated or connected to Medicare.

## Hospital Indemnity Products

---

Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

## Medicare Supplement (Medigap) Products

---

Plans offering a supplemental policy to fill "gaps" in Original Medicare coverage. A Medigap policy typically pays some or all of the deductible and coinsurance amounts applicable to Medicare-covered services, and sometimes covers items and services that are not covered by Medicare, such as care outside of the country. These plans are not affiliated or connected to Medicare.

Some of the areas Medicare reviews for these ratings include:

- How our members rate our plan's services and care;
